Björn **Kawecki**

Junior Developer

Berlin, Deutschland

✉ bkawecki@mailbox.org | 🏠 bjoernkawecki.de | ⬛ bjkawecki | in björnkawecki

Summary

I develop web applications, mostly on the backend, preferably using Python.
Linux, Docker, and Git are part of my standard setup.
With my humanities background, I communicate technical matters clearly.

Skills

Back-end	Django, Jekyll
Front-end	HTML5, CSS, Tailwind CSS, HTMX
